**of Correction**

Sir:

Applicants request that a Certificate of Correction be issued for US Patent No. 7,013,395 (Application Serial No. 09/805,640) issued March 14, 2006. Mistakes are present in the patent as a result of both Office mistake (misspellings of the Assignee's name and of the attorney's name) and Applicants' mistake (clerical errors in the specification). The mistakes attributable to Applicants are of a clerical or typographical nature and they are minor in character. The corrections do not constitute addition of new matter, and they do not require reexamination. For fee purposes, Applicants request that the Certificate of Corrections Branch process this petition according to 37 CFR 1.323, *Certificate of correction of applicant's mistake*. A Fee Sheet, Form PTO/SB/44 (in duplicate) and a photocopy of the United States Patent and Trademark Office Notice of Recordation of Assignment Document are enclosed with this Paper.

1. Attached, in duplicate, is Form PTO/SB/44, with at least one copy being suitable for printing.

**MAR 30 2006**

2. The exact page and line number where the errors occur in the application file are:

A. The patent cover page mistakenly identifies the Assignee as "Sandra Corporation" whereas it should read --Sandia Corporation--. This is due to a mistake on the part of the PTO.

B. The patent cover page mistakenly identifies the Agent, Attorney or Firm as "Russell D. Elliot" whereas it should read --Russell D. Elliott--. This is due to a mistake on the part of the PTO.

C. In the application specification on page 2, line 21 includes the words "A seminal tool, SATAN" whereas it should read --A seminal tool was SATAN--. This is due to a clerical mistake on the part of the Applicants.

D. In the application specification on page 5, line 7 includes the word "epsilonoptimal" whereas it should read --epsilon-optimal--. This is due to a clerical mistake on the part of the Applicants.

E. In the application specification on page 15, line 27 includes the words "Node C (with edge weight 10)" whereas it should read --Edge C (with edge weight 10)--. This is due to a clerical mistake on the part of Applicants.

All of the above mistakes were first discovered by Applicants upon receiving a copy of the issued patent.

Correction of the above mistakes is essential for the public to have a full understanding and appreciation of the invention. Therefore, the above mistakes should be corrected by issuance of a Certificate of Correction or by issuance of a corrected patent (37 CFR 1.322 and 37 CFR 1.323).

4. If additional fees are necessary, please notify the attorney of record in this case, Russell D. Elliott (Reg.
